TITLE California Community Colleges: Fiscal Data Abstract, 1986-87. Report 88-10.

INSTITUTION California Community Colleges, Sacramento. Office of the Chancellor.

PUB DATE Jun 88

NOTE 138p.; Tables contain small print.

AVAILABLE FROM California Community Colleges, Cashier's Office, 1107 Ninth Street, Suite 500, Sacramento, CA 95814 (\$4.00).

PUB TYPE Reports - Descriptive (141) -- Statistical Data (110)

EDRS PRICE MF01/PC06 Plus Postage.

DESCRIPTORS *Average Daily Attendance; Budgets; *Community Colleges; *Educational Finance; *Enrollment; *Expenditures; Income; State Surveys; Two Year Colleges; *Two Year College Students

IDENTIFIERS *California

ABSTRACT

This report provides selected statistics on enrollments, units of average daily attendance (ADA), and finances for the California community college districts. After a general summary and a table giving selected data and rankings by district, part I presents fall 1986 headcount enrollments by college. Part II provides data on the student workload measure of ADA for fiscal year (FY) 1986-87 for credit and noncredit students and for those otherwise eligible for state support. Part III contains summaries of first recalculation and second principal apportionments and credit base revenue per ADA. Part IV summarizes general fund transactions for FY 1986-87 and those budgeted for FY 1987-88. Part V deals with actual and budgeted general fund revenues for FY 1986-87 and FY 1987-88, while part VI offers information on general fund expenditures for the same periods. After part VII presents summaries of the current and budgeted expense of education, part VIII examines general fund expenditures by instructional and support activities. Finally, part IX details financial transactions involving funds other than the general fund, including debt service funds, special revenues, capital projects funds, enterprise funds, internal service funds, and fiduciary funds. Historical charts are provided as well as a glossary of terms. (EJV)

PREFACE

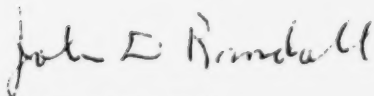

This is the twelfth in this series of abstracts providing selected statistics on numbers and workload measures (ADA) of students, and financial data for California Community College districts. Although some of this information may be found in other documents or publications, the data most often requested for general reference are compiled here in a cohesive and simplified format.

With this edition, key data and rankings by district are presented before the traditional tables. These rankings provide extensive comparisons by district of expenditures by activity and current expense of education. After the traditional tables, historical statewide perspectives are presented in multi-year graphs and in a four-year summary by district. The graphs depict statewide trends in enrollment, ADA, revenues, and expenditures. The four-year summary provides key data on enrollment, ADA, General Fund ending balance, revenues, and operating expenditures.

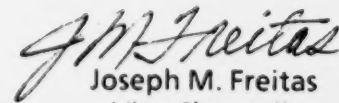

The Addendum provides general information on California's public community colleges.

The Chancellor's Office appreciates the efforts of district staff in providing the reports that are the basis for this publication. In turn, we have attempted to produce a report that reflects district operations and is a useful analytical tool for districts and other users.

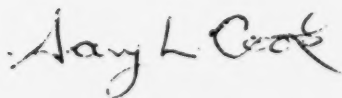

We welcome your inquiries and appreciate any suggestions for increasing the usefulness of future editions of this document. Please contact Patrick Ryan or Ritsuko Iwasa at (916) 445-1163.

GENERAL SUMMARY

This publication provides 1986-87 information on key community college district activities: enrollment; average daily attendance (ADA); State apportionments; General Fund transactions, revenues, and expenditures; and the transactions of funds other than the General Fund. Fiscal information on the Chancellor's Office itself is not included in this report, which focuses on the community college districts.

The display of amounts and comparative ranking by district of enrollment, ADA, and selected data per ADA for 1986-87 appears before the traditional series of tables. Following the traditional tables is a multi-year summary of selected aspects of district operations. The graphs depict statewide trends in enrollment characteristics, ADA, and fiscal information; the four-year summary table shows the major trends for each district. The Addendum provides general information on community college districts.

ENROLLMENT

In the fall of 1986, community college enrollment totaled 1,225,373 students, an increase of 2 percent over fall 1985. The average enrollment per district was 17,505. The largest enrollment was in the Los Angeles District with 103,761 students and the smallest enrollment was in the Palo Verde District with 681 students. Approximately five out of every eight students were enrolled in at least one class during the day. Six districts served more extended-day students than day students.

Statewide, only one out of every five students was enrolled full-time. Levels of full-time enrollments ranged from 46 percent at the Imperial Valley District to 12 percent at the Rancho Santiago District. Students enrolled in credit courses outnumbered noncredit students by more than six to one. Twenty-one districts offered only credit courses, while five districts had 40 percent or more of their enrollments in noncredit courses. Statewide, 56.5 percent of the students were female. Only the Rancho Santiago District served more male than female students. (Page 31)

AVERAGE DAILY ATTENDANCE

For purposes of this report the contact hours of all students enrolled in community colleges are converted into the normative student workload measure commonly known as ADA, even though not all such ADA are recognized for purposes of funding the colleges. This ADA count reflects the student workload for which revenues are expended.

The actual attendance ADA was 685,031 in 1986-87, an increase of 3.9 percent from the 659,499 reported for 1985-86. This actual attendance ADA is the factor used for calculating "per ADA" rates cited in various tables. (Page 35.)

APPORTIONMENTS

State general apportionment support of community colleges was \$1,102 million, an increase of 4.8 percent over 1985-86's \$1,052 million. The statewide credit base revenue per ADA was \$2,636, a 7.6 percent increase from \$2,450 for 1985-86. Total funding per credit ADA ranged from \$2,439 in the Sequoias District to \$6,561 in West Kern. (West Kern is entirely supported by property tax revenues.)

Funding for apprenticeship training declined from \$7,261,000 in 1985-86 to \$6,790,000 in 1986-87, as apprenticeship training programs shifted more toward the K-12 system. Funding for Extended Opportunity Programs and Services increased to \$27,641,000 in 1986-87, a 2 percent increase over the prior year. Funding of services to disabled students increased from \$21,514,000 to \$21,761,000, a 1 percent increase. (Page 42.)

DISTRICT GENERAL FUND TRANSACTIONS

The General Fund is the prime focus of attention in monitoring a district's operations and fiscal condition. It is used to account for most of the operations of the districts - instruction, administration, student services, maintenance, etc. Transactions for all authorized purposes not required to be accounted for in a special fund are accounted for in this fund. (Page 50.)

Description	1985-86		1986-87		Changes

DISTRICT GENERAL FUND EXPENDITURES BY ACTIVITY AND CURRENT EXPENSE OF EDUCATION

The following comparisons of General Fund expenditures by activity are based on the 68 districts that reported such information for 1986-87. Expenditures by activity were unreported by the San Bernardino and Sierra Districts. Their expenditures totaled \$46 million in 1985-86 and \$47 million in 1986-87 - approximately 2.2 percent of the total expenditures and other outgo for 1986-87. (Page 76.)

Among the Instructional disciplines (\$1,001 million), Humanities and Literature received the largest share (\$109.6 million) and the greatest percentage increase (9.3%). The second largest increase in expenditures (\$6 million) and percentage (8.4%) went to Interdisciplinary Studies in 1986-87.

Administration and Support activities totaled nearly \$852 million. The largest single item was Maintenance and Operation of Plant (\$212 million); the second largest was General Institutional Services (\$205 million). The largest percentage increases went to Counseling and Guidance (10.1 percent) and to Admissions and Records (8.2 percent).

Other Activities amounted to \$116 million. Auxiliary Operations expended the most money: nearly \$49 million. Ancillary Services received the largest percentage increase: 12.3 percent. Expenditures for Capital Outlay declined from \$79 million in 1985-86 to \$71 million in 1986-87.

General Fund expenditures by major activity categories for the 68 districts are displayed in the following table (displayed in \$ million):

Period	Instructional	Administration and Support	Community, Ancillary and Others	Capital Outlay	Other Outgo	Total
1986-87	\$1,001	\$852	\$116	\$71	\$30	\$2,070
1985-86	948	800	110	79	36	1,973
Change	\$53	\$52	6	\$-8	-6	\$97
Percent	5.6%	6.5%	5.5%	-10.1%	-16.7%	4.9%

District General Fund instructional expenditures (excluding capital outlay) per ADA averaged \$1,492 for 1986-87 and ranged from \$1,157 at San Diego to \$2,956 at West Kern.

Of the \$1,736 million current expense of education, the districts spent \$903 million (52.01%) for salaries of classroom instructors in 1986-87. Statewide outlays per ADA were \$1,318 for salaries of classroom instructors, \$2,535 for

current expense of education, \$2,940 for total expenditures (excluding capital outlay), and \$3,090 for grand total expenditures and other outgo. (Page 70.)

DISTRICT FINANCIAL TRANSACTIONS, FUNDS OTHER THAN GENERAL FUND

Special funds used for specific purposes are divided into three groups: Governmental, Proprietary, and Fiduciary.

The **Governmental Funds Group** includes General, Debt Service, Special Revenue and Capital Projects Funds. The General Fund has already been addressed. The Debt Service Funds are to accumulate resources and to pay principal and interest on long-term debt. Special Revenue Funds account for the proceeds of specific revenue sources and the expenditures to be charged against that revenue as a direct result of operations -- such as a bookstore, cafeteria, etc. Capital Projects Funds are to account for financial resources used for acquiring and constructing sites, buildings, equipment, initial collection of library books, etc. (Pages 95-105.)

The **Proprietary Funds Group** is used to account for ongoing governmental activities that generate income similar to a private business. Just as in commercial accounting, the focus of measurement is on determination of net income, financial position, and changes in financial position. Unlike the Governmental Funds, the Proprietary Funds record all the costs of operation, including depreciation of fixed assets. The Proprietary Funds Group includes Enterprise Funds - such as the bookstore and cafeteria funds - and the Internal Service Fund - the Self-Insurance Fund. A district may choose to account for such activities as bookstore, cafeteria, or farm operations either as a Special Revenue Fund or as an Enterprise Fund. (Pages 109-113.)

The **Fiduciary Funds Group** is used to account for funds held in trust by the district on behalf of individuals and other entities. Depreciation is recorded in those trust funds where expenses, net income, and/or capital maintenance are measured. Fiduciary Funds include Associated Student, Student Financial Aid, Scholarship and Loan, Foundation Trust, and Other Trust and Agency Funds. (Pages 117-120.)

Total revenues and expenditures of all districts are summarized below by fund (displayed in \$ million):

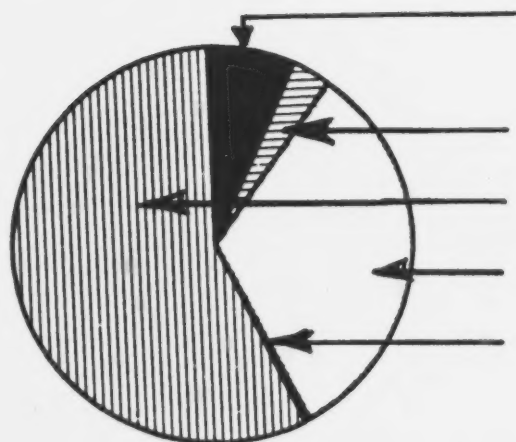

Fund Group Fund Type	Beginning Balance	Revenues	Expenditures and/or Debt Retirement	Net Other In/Outgo	6/30/87 Ending Fund Balance
Governmental Group					
General	\$163.0	\$2,127.2	\$2,086.3	(\$24.0)	\$179.9
Debt Service	18.0	16.2	19.1	4.5	19.6
Special Revenue	20.8	64.7	61.0	(3.7)	20.8
Capital Projects	55.5	45.2	49.1	19.2	70.8
Subtotal, Governmental	\$257.3	\$2,253.3	\$2,215.5	(\$4.0)	\$291.1
Proprietary Group					
Enterprise	\$28.6	\$83.2	\$79.5	(\$2.1)	\$30.2
Internal Service	26.0	20.9	21.6	0.3	25.6
Subtotal, Proprietary	\$54.6	\$104.1	\$101.1	(\$1.8)	\$55.8
Fiduciary Group	\$31.2	\$115.5	\$30.7	(\$81.6)	\$34.4
GRAND TOTAL, All Funds	\$343.1	\$2,472.9	\$2,347.3	(\$87.4)	\$381.3

In 1986-87, 52 districts used one or more Debt Service Funds to account for long-term debt. Payments on long-term debt totaled \$19 million, leaving a balance as of June 30, 1987, of \$69 million, excluding lease-purchase commitments, certificates of participation, accumulated sick and vacation leave, and retirees' health benefit costs. Fifty-seven districts reported Capital Projects Funds for acquisition, construction, and equipping of facilities. In 1986-87, no districts reported transactions in the Revenue Bond Construction Fund. Enterprise Funds accounting for business-like operations were reported by 40 districts. Thirty-five districts reported a Self-Insurance Fund as part of their risk management programs.

The display on page 7 provides an overview of statewide General Fund resources available and the uses of those resources.

NOTE

All data in this publication are as reported by the community college districts on regular report forms developed by the Chancellor's Office:

- A. Student headcount data are taken from **Census Student Data System**, as of first census of the fall term.
- B. Average daily attendance and apprenticeship hours are as reported on Forms CCFS-320, **Apportionment Attendance Report**, and CCFS-321, **Apprenticeship Attendance Report**, (includes revisions through the First Recalculation) and adjusted pursuant to Education Code Section 84895 for districts granting faculty release time for instructional improvement activities. Seventeen community college districts with twenty-four colleges have granted faculty release time for instructional improvement activities under ECS 84895.
- C. State apportionment data are from the Second Principal Apportionment, Exhibit C and First Recalculation, Exhibit E.
- D. Actual and budget revenue and expenditure data are taken from Form CCFS-311, **Annual Financial and Budget Report**, for all reported funds of the district. Only actual year (1986-87) financial transactions are reported for funds other than the general fund.
- E. Estimates of average daily attendance for 1987-88 are as reported on Form CCFS-311, **Annual Financial and Budget Report**, page 24.
- F. Information on community college districts is taken from the community college directory.

FOUR-YEAR DISTRICT DATA SUMMARY

FOUR-YEAR DISTRICT DATA SUMMARY

The following data summary provides four years of selected data by district: Fall enrollment; annual attendance ADA (including nonresident and apprentices); general fund ending balance; general fund revenues (excluding other financing sources) and general fund operating expenditures (excluding capital outlay and other outgo). This information was formerly included in the annual report to the Joint Legislative Audit Committee, but it has been moved to the Fiscal Data Abstract to provide a historical background by district.

The statewide totals are presented below, with individual district information presented on the following pages.

Fiscal Period Reported	Enrollment Fall	Attendance ADA (Resident, Nonresident and Apprentices)	General Fund		
			Ending Fund Balance	Total Revenue	Total Expenditures (O/E 1000-5000)
1983-84	1,240,532	686,573	\$ 158,765,566	\$ 1,720,395,238	\$ 1,630,990,701
1984-85	1,174,424	666,140	128,093,790	1,836,513,624	1,788,618,374

FOOTNOTES

GLOSSARY

ADDENDUM

FOOTNOTES

- 1 See GLOSSARY
- 2 Second period apprenticeship hours is an estimate of actual second period and projected to end-of-year hours.
- 3 Measure of compliance with **50% Law** (ECS 84362) is *salaries of classroom instructors* divided by *current expense of education* for both credit and noncredit courses. This computation does not reflect the impact of any prior nonexempted deficiency from the second preceding fiscal year.
- 4 Data are rounded to the nearest whole number. Totals may not equal the sum of the individual parts due to computer rounding.
- 5 Attendance ADA distribution by statewide instructional activity (Table VIII-2) is based on the percentage distribution of derived total student contact hours (SCH) from reported Course Activity Measure Data collected by the Management Information Services Unit.
- 6 Data exclude state hospital apportionment and additions or deductions for prior year corrections.

GLOSSARY

A. Part I. Enrollment (*Headcount*)

1. Day

Student enrolled in at least one course section starting prior to 1630 hours.

2. Full-Time

Student enrolled for twelve or more units of credit.

3. Credit

Student enrolled in at least one credit course.

B. Part II. Average Daily Attendance (*Student Workload Measure*)

A unit of average daily attendance (ADA) represents 525 class (contact) hours of student scheduled instructional activities. The *class hour* is the basic unit of attendance for computing ADA and is defined as a period of not less than 50 minutes of scheduled instruction or evaluation. Annualized student attendance hours and ADA are reported to the Chancellor's Office three times a year: First Period in January, Second Period in May, and Annual in July.

1. Actual Attendance ADA (*Student Workload Measure*) (Table II-1)

The actual attendance ADA is derived from student contact hours of instruction generated by residents, nonresidents and apprentices in community college educational programs which consist of credit and noncredit courses.

This attendance ADA (student workload measure) is the common denominator for all data specified as "per ADA" in this publication.

a. Total Reported ADA

This number represents the ADA generated by California residents and specified nonresidents, as provided by law, for which state apportionment is claimed.

b. **Nonresident ADA**

This number represents the ADA generated by students not residents of California and whose attendance is not supported by state apportionment. This is a computational ADA derived from reported contact hours.

c. **Apprentice ADA**

This number represents the hours of attendance (converted into ADA) of indentured apprenticeship students enrolled in classes of related and supplemental instruction pursuant to Labor Code Section 3074. The apprenticeship hours were separately funded by the state at the rate of \$3.76 per hour.

For the purpose of computing Actual Attendance ADA, 525 apprentice hours equal one unit of ADA.

2. **Student Workload Otherwise Eligible for State Support (Table II-2, 3)**

Funded ADA

This is the ADA generated by California residents and others as provided by law for which state apportionment is claimed and funded.

C. **Part III. Apportionment**

Community college districts are funded on a formula basis consisting of the following components: base, inflation, equalization and growth. In addition to the general purpose funding, districts receive funds for apprenticeship hours and categorical programs. Tables display computational amounts and ADA based on data reported as of April 30, 1987, for the Second Principal reports and November 1, 1987, for the First Recalculation.

1. **Summary of Apportionments (Table III-1, 2)**

a. **Total Available General Revenue**

This represents the total of the general purpose funding including both state general apportionment and local property tax revenue received for general operating support, adjusted as required by law.

(Local property tax revenues exclude bonded indebtedness tax revenues but include the proration of local secured and unsecured taxes, prior years taxes, trailer coach fees, timber yield tax, homeowners property tax relief subvention, Williamson Land and other state tax relief subventions and student enrollment fees.)

b. State General Apportionment

This number reflects state participation, computed by subtracting local property revenue and 98% of student enrollment fees from the Total Available General Revenue amount.

c. Apprenticeship Allowance

This allowance is for districts with indentured apprentices enrolled in classes of related and supplemental instruction as provided by Labor Code Section 3074. The amount is computed by multiplying the reported hours of apprentice training by the rate specified in the state's annual budget act. For 1986-87 the rate was \$3.76 per hour.

d. EOPS Allowance

This amount reflects the funding of Extended Opportunity Programs and Services (EOPS) to encourage enrollment of students handicapped by language, social, and/or economic disadvantages. Amounts exclude funding for Cooperative Agency Resources Education (CARE) which is separately funded within the EOPS appropriation. CARE is an interagency program to improve training and job placement for parents on welfare .
(ECS 69653)

e. Disabled Student Allowance

This amount reflects the funding of direct excess cost of providing special educational and program assistance and special facilities for disabled students. The amounts exclude program fundings for residents of state hospitals and for Workability II. Special classes for residents of state hospitals are funded at a different rate because the classes are not open to all students. Workability II provides training and job placement for community college students eligible for assistance from the State Department of Rehabilitation; funds for the program come from federal funds and district match.
(ECS 84850)

2. Apportionment ADA and Credit Base Revenue (Table III-3, 4)

Credit Base Revenues per ADA

The credit base revenue per ADA is used in the computational formula for calculating revenue adjustments for inflation, equalization, and ADA changes. Computation of this amount begins with the 1986-87 base revenue (prior year revenue) before any incremental changes for cost-of-living adjustment (COLA) or growth. From this amount, deductions are made for any prior year ADA decline adjustment and the 1986-87 base noncredit ADA times \$1,313.83 (prior year statewide noncredit rate). The remaining amount is divided by the 1986-87 base credit ADA.

D. Part VII. Current Expense of Education (Table VII - 1, 2)

1. Current Expense of Education (CEE) ECS 84362(b)

This amount reflects General Fund Unrestricted expenditures for certificated salaries, classified salaries, employees benefits, supplies and materials, other operating expenses and services (objects of expenditure 1000-5000) and equipment replacement (as defined) for instructional and administrative and support activities (Activity Codes [A.C.] 0100-6799) less exclusions as prescribed.

2. Salaries of Noninstructional Employees

This includes only that portion of salaries and benefits paid for noninstructional certificated and classified personnel (A.C. 0100-6799) including any reported exclusions for determining current expense of education.

3. Salaries of Classroom Instructors (ECS 84031)

This reflects only 1) that portion of salaries for purposes of instruction of students by full-time and part-time instructors employed by a district and 2) all salaries paid to instructional aides employed by the district to assist classroom instructors in classroom instructional tasks during any portion of their duties and under the supervision of district-employed instructors.

In addition, salaries of classroom instructors include the cost of all benefits provided the above mentioned instructors and instructional aides.

**E. Part VIII. General Fund Expenditures by Instructional and Support Activities
(Table VIII - 1 thru 7)**

1. Instructional Activities

The instructional activities are the major discipline categories established and updated by the Chancellor's Office, Program Evaluation and Approval Unit.

2. Administrative and Support and Other Activities

These activities support instruction, including services to students and the public, as well as general administration and operation of community college districts.

Both the instructional and the administrative and support activities structures are modifications of the Higher Education General Information System (HEGIS). Users of this information should refer to the California Community Colleges **Taxonomy of Programs (TOP) Manual** (instructional activities) and **Budget and Accounting Manual** (Rev. October, 1985) (administrative and support activities, pages IV-3 through IV-27) for further clarification and descriptions of the activities.

The following table provides the abbreviation, code number, and title of each activity.
